EXHIBITIONS
& DISPLAYS

The **Exhibitions & Displays** range offers a complete solution for all types of indoor and outdoor events, promotions, trade shows and exhibitions.

The range includes fabric display stands, backdrops, tables, gazebos, pop out banners, flags, PVC banners, roller banners, posters and 'raw' fabric material.

A combination of dye-sublimation and latex printing techniques are used across the range to ensure the best possible finish for every product.

All fabric products are fire retardant and meet B1 and M1 safety standards.

CONTENTS

DISPLAY STANDS

Display Stands are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

The 260gsm 'stretch' fabric cover is printed on the front and reverse as standard. Designed to fit snugly over the frame, it is secured at one edge with a zip fastening. The fabric cover is washable, changeable, and additional covers can be ordered separately.

These display stands give you a superior presence at exhibitions and are ideal for permanent indoor office or studio props.

Display Stand frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

All **Display Stands** are supplied with a carry bag for easy transportation and storage.

BACKDROPS

Backdrops are made up of the same components as display stands — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

These larger backdrops are perfect for defining your exhibition area. They use one continuous graphic which means they completely eliminate the problem of visible join lines commonly encountered on the traditional multi-panel exhibition backdrops.

Both the front and the reverse of the backdrops are printed with your designs, giving you more room for your promotional message and increasing their functionality.

GAZEBOS

Gazebos are a versatile product. They provide abundant promotional space as well as shelter at outdoor events.

The waterproof canopy, back wall and side walls can all be personalised to ensure maximum impact.

Includes:
- Aluminium frame
- Printed canopy
- Carry bag

Optional extras:
- Full back wall, with single or double-sided print
- Half side wall, with single or double-sided print

The AGRA gazebo frame contracts to a compact size when not in use.

To erect, simply pull the four legs outwards - the frame will build itself.

Pop the canopy on top of the frame before it is fully stretched.

Arrange the four corners of the canopy over the frame securely.

PVC BANNERS

PVC Banners are printed on a 440gsm PVC substrate using latex inks which gives them a scratch, UV and water resistant finish.

The banners have welded hems and can be eyeleted — perfect for long-term outdoor promotions.

Available in a range of sizes.

Optional extras:
·   Eyelets
·   Cable ties

ROLLER
BANNERS

These portable **Roller Banners** are ideal for exhibitions and permanent indoor displays.

Choose from either the economic 440gsm PVC poster or the 410gsm greyback poster material which prevents light from passing through and minimises curling.

Both substrates are printed using latex inks which gives them a scratch, UV and water resistant finish.

Includes:
- Banner stand and pole
- Single sided poster
- Carry case
